ABOUT THE NEW HOPE:

This carefully designed plan features everything we're known for, and a little bit more. Smart spaces, intelligent layouts and surprising extras are still combined with unparalleled finishes.

Every room flows effortlessly from a central, light-filled vestibule and includes a gourmet kitchen, open and spacious entertaining areas, and upstairs laundry. But this plan also includes the favorites like drop zone, planning center, and walk-in pantries. Note the spacious tandem 3-car garage, and lots and LOTS of extra storage! With the option for upgraded owner's bath elements, or a main floor guest suite, this is the home that is almost conscious it is so smartly planned.

In fact, if we had to define our next shift in Evans Coghill design style, this plan would be the beginning of a whole new journey.
